The ICA Annual Report 2019/2020 is being prepared.
We would like to include some examples of the work of Guilds and Federations throughout the year which demonstrate our activities, the work we do in communities and the contribution the ICA makes to women, families and our communities.

We are asking each Federation to provide examples of Federation and Guild activity, by completing the attached form. You can submit multiple examples - we can use everything on the website - and a sample will be used in the Annual Report to show our work nationally, working towards the aims of the Association. From September next Federations and Guilds will be asked to send in examples regularly.

The examples should be activities other than the day to day meetings that would happen in ICA, should show us for the great work we do, and should relate to one of the ICAs aims which are:

a) (i) Bringing women together in fellowship and friendship
(ii)Developing and improving wellbeing, knowledge and skills of women
(iii)Improving general quality of life in Ireland through the co-operative effort of women

b) Supporting and promoting the Irish language and culture
c) Promoting the development of women in Ireland and internationally
